Flight hours logged	650+	0
Refueling boom contacts	900+	0
Hose and drogue contacts	200+	0
Total fuel transferred	650,000+ lbs.	0

THE REAL FACTS

The EADS North America KC-45 will put **48,000 Americans** to work building the most capable tanker for the U.S. Air Force.

Our warfighters deserve a proven tanker—the KC-45—that's already flying and refueling today.

See the video of this and other *real* refueling operations at www.kc-45now.com.
